1. **ERMA 7300 Design and Analysis I**  
   3 credit hours

2. **Semester Fall 2011**  
   Instructor: Joni M. Lakin  
   4032 Haley Center  
   (334) 844-4930  
   joni.lakin@auburn.edu  
   Office Hours: Wednesday 11am-12pm, Wednesday 3-4pm, and by appointment.  
   Teaching Assistants: Nafsaniath Fathema  
   4013 Haley Center  
   nzf0003@auburn.edu  
   Yi Han  
   yzh0005@auburn.edu

3. **Resources**  
   Required:  
   Recommended:  
   Pallant, J. (2010). *SPSS survival manual: A step by step guide to data analysis using SPSS*. Open University Press. [A copy of this text will be on hold at the MAIN library.]  

4. **Course Description**  
   Knowledge of the concepts and application of quantitative analytical methods is critical to the producers and consumers of educational research. This course is designed to provide students the understanding of statistical methods pertaining to the design and analysis of experiments in educational research. Basic methods of descriptive and inferential analysis will be reviewed including chi-square, t-tests, between and within subjects ANOVA, mixed ANOVAs and hierarchical designs as they are used in educational research.

5. **Course Objectives**  
   Upon completion of this course, the student will be able to  
   - explain the process of hypothesis testing and apply to research problems  
   - identify different types of research designs found in published articles  
   - describe the strengths and limitations of different research designs  
   - identify applications of a wide variety of statistical procedures  
   - solve educational research problems using statistical tests of significance  
   - make accurate interpretations of statistical findings  
   - use data analysis software (SPSS) to solve statistical problems

   **Note:** We will be using the new learning management system, Canvas, for this course. Check the Canvas site weekly for announcements and handouts for class.
### 6. Tentative Course Content and Schedule

<table>
<thead>

</tbody>
</table>
Week 11  
(3/28)  
Content review/catch up  
Overview of remaining designs  
Final project: Complex comparisons  
**Homework due** (Ch. 7)

Week 12  
(4/4)  
Repeated measures and within-subjects ANOVA  
Quiz Ch. 6 and 7  
*April 2-5 Research Week at AU*  
**Ross & Shannon Ch. 8**  
Optional: Salkind Ch 18  
Optional: Pallant 20

Week 13  
(4/11)  
Mixed Designs ANOVA  
**Ross & Shannon Ch. 9**  
**Homework due** (Ch. 8)

Week 14  
(4/18)  
Content review/catch up  
**Take home test distributed** (all Chs.)  
**Homework due** (Ch. 9)

Week 15  
(4/25)  
In-class presentations of final project  
Written component of project due  
**Finals**  
Take home exam due 5/2

7. **Course Requirements and Evaluation**

*Learning Methods:* Lectures, discussions, readings, class exercises and projects.

*Student Assessment*

<table>
<thead>
<tr>
<th>Component</th>
<th>Weight</th>
</tr>
</thead>
<tbody>
<tr>
<td>Exams</td>
<td>40%</td>
</tr>
<tr>
<td>Quizzes</td>
<td>10%</td>
</tr>
<tr>
<td>Homework, In-class Activities</td>
<td>10%</td>
</tr>
<tr>
<td>Projects, Presentations</td>
<td>40%</td>
</tr>
</tbody>
</table>

You MUST be in class to earn in-class activity points.  
When appropriate, you must show your work for full credit.

*Grading Scale*

- A: 90 – 100%
- B: 80 – 89%
- C: 70 – 79%
- D: 60 – 69%
- F: below 60%

8. **Class Policy Statements**

*Attendance Policy*

- Excellent attendance is expected, but not required. If you miss class, you will need to get notes from another student.  
- I will start class on time, so if you are late you will need to get notes from another student.

*Late Assignments Policy*

- Assignments turned in late will receive a **5% reduction in earned points per day.** The only exception will be in the case of emergency.  
- Except for work requiring calculations, all work must be typed or it will **not be graded.** Late penalty will be applied to work completed in writing and then turned in late in typed format for a grade.
Incompletes and Withdrawals
Grades associated with incomplete course work or withdrawal from class will be assigned in strict conformity to University policy (see Auburn University Bulletin). If you wish to drop this course you may do so by the 10th class day with no grade assignment. From the 10th class day to mid-quarter a W (withdrawn-passing) grade will be recorded in your transcripts. After this period withdrawal from the course will only be granted under unusual circumstances and must be approved by the Dean of the College of Education.

Note that a new incomplete grade (IN) policy is in effect. The new policy requires that students complete a form requesting that an IN grade be assigned. If this form is not completed and given to the instructor of the class, a grade will be assigned with a score of zero (0) for work that has not been completed and turned in by the time the instructor reports grades.

Academic Misconduct
The Department of EFLT recognizes university policy regarding academic misconduct. Violations include, but are not limited to: plagiarism, unauthorized assistance during examinations, submitting another's work product as your own, using another’s words as your own without appropriate citation, sharing unauthorized materials with another that contain questions or answers to examinations, altering or attempting to alter assigned grades. In accordance with University policy regarding academic misconduct, students may be subject to several sanctions upon violations of the Student Academic Honesty Code. See the Tiger Cub publication for the current year for specifics regarding academic misconduct as well as student’s rights and responsibilities associated with the Code.

Disability Accommodations
Students who need accommodations are asked to arrange a meeting during office hours the first week of classes, or as soon as possible if accommodations are needed immediately. If you have a conflict with my office hours, an alternate time can be arranged. To set up this meeting, please contact me by e-mail. If you have not established accommodations through the PSD office, but need accommodations, make an appointment with The Program for Students with Disabilities, 1228 Haley Center, 844-2096 (V/TT).
