

Resources for the History of Mathematics

History of Mathematics at Clark University; there is an excellent translation and explanations of Euclid's *Elements* there:

<https://mathcs.clarku.edu/~djoyce/ma105/>

History of Mathematics at University of St Andrews Scotland (lots of biographies and interesting mathematical snippets):

<https://mathshistory.st-andrews.ac.uk/>

Living Proof, Stories of Resilience Along the Mathematical Journey at the MAA website:
https://www.maa.org/sites/default/files/pdf/ebooks/pdf/LivingProof_WEB.pdf

Mathematics Databases at Cornell:
<https://mathematics.library.cornell.edu/databases/>
