

puzzles, sleeping, texting, or playing on Facebook (or whatever social network/game/trend that I'm oblivious to). Please silence all cell phones.

Text

Geer, John G., Wendy J. Schiller, Jeffrey A. Segal, Richard Herrera, and Dana K. Glencross. 2015. *Gateways to Democracy (The Essentials) [3rd Edition]*. Cengage. ISBN: 978-1-285-85291-1.

The textbook is available at the MSC Bookstore, as well as the internet. There are older editions of this textbook. It is important to get the current edition, especially because of the 2014 election coverage. If you get an older edition, I can't promise that chapters and material will be identical. Roll the dice at your own discretion. Any other supplementary readings will be accessible to all Texas A&M University students through the University Libraries. Your textbook should come with access to Cengage's supplementary service, bizarrely named *MindTap*. To access the course website, go to <http://login.cengagebrain.com/course/MTPPCL0P3SSL>. I will post extra class material, like optional quizzes (to prepare for tests), videos, or flashcards to this site often.

Exams

The only assignments are three examinations. The exams are drawn from a mixture of lecture material and textbook material. The exam dates are:

Exam 1, February 20 (Friday):	25%
Exam 2, April 1 (Wednesday):	35%
Exam 3, May 1 (Friday):	40%

There is no final exam. On exam days, you are required to bring two things: a large, gray scantron and a photo identification (Texas A&M University student identification, driver's license, passport). You will not be permitted to take an examination without these two items. Grades will be posted at <http://ecampus.tamu.edu> as soon as possible. Make every effort to arrive to examinations on time. No examinations will be given out after the first examination is returned. If you would like to view your exam after you receive your grade, come to my office at the Allen building in the afternoon (after 1 PM) on the Monday after the exam.

Makeup examinations will only be offered to those with a University excused absence, which can be found at <http://student-rules.tamu.edu/rule07>. It is your responsibility to ensure that your absence is covered by the University, and it is your responsibility to comply with Student Rule 7.3, which requires that you notify me of your absence prior to the date of absence if such notification is feasible. If that is not feasible, you must notify me by the end of the second working day after the absence. If I need additional information on your absence (doctor's notes, for instance), you must provide this additional documentation within one week of the last date of the absence. Note that Student Rule 7 also allows for makeup examinations for reasons deemed appropriate by the instructor. If you do not have a University excused absence, and you are going to miss an examination, it is much easier for me to work with you if you notify me promptly, especially if you can provide some sort of documentation.

Makeup examinations will be offered the Monday after the regularly scheduled exam in 2029 Allen at 3:30 PM. These examinations may differ in content from the regular exams, but not in difficulty.

Grades

89.5-100:	A
79.5-89.49:	B
69.5-79.49:	C
59.5-69.49:	D
59.49↓:	F

I use the standard Texas A&M University grading scale. To maintain fairness, I do not change grades under any circumstances except when I make a mathematical error in computing your grade.

Extra Credit

Extra credit may be offered at the discretion of the instructor throughout this class. There is absolutely no guarantee of extra credit. You should plan on there being no extra credit.

Et Cetera

Look around! There are a bunch of people in the class with you! As such, I ask that follow four guidelines when attempting to contact me. First: include the course number and section number [206-501] in the subject of your email. Your email will almost certainly get lost in the abyss if it missing this information. Second: wait at least 48 hours, not including weekends, to send a second email. I promise I will get to it, but it may not be immediate. Third: email me only from your Texas A&M University official email address. In the event that I need to contact you, it will almost certainly be at your @tamu.edu email address. You should check this email often!

Aggie Honor Code

An Aggie does not lie, cheat, or steal, or tolerate those who do.

Texas A&M University is a institution committed to integrity and honor. It is your job as a University citizen to uphold those values. I will not tolerate any cheating or plagiarism, broadly defined as using unauthorized aids during examinations or attempting to represent someone else's work as your own. You are not as sly as you think you are. With 250 heads facing forward, it is extremely easy to tell who is working alone and who is not. Be aware that violating the Aggie Honor Code can lead directly to failing the course and being referred to the Aggie Honor System Office. For additional information visit <http://aggiehonor.tamu.edu>.

Students with Disabilities

The Americans with Disabilities Act (ADA) is a federal anti-discrimination statute that provides comprehensive civil rights protection for persons with disabilities. Among other things, this legisla-

tion requires that all students with disabilities be guaranteed a learning environment that provides for reasonable accommodation of their disabilities. If you believe you have a disability requiring an accommodation, please contact Disability Services, in Cain Hall, Room B118, or call 979.845.1637. For additional information visit <http://disability.tamu.edu>.

Any requests or arrangements made with the instructor in person must be followed up with an official email request for documentation.

Copyrighted Materials

The lectures, presentations (including slides), readings, and exams for this course are copyrighted, so you do not have the right to copy and distribute them. This includes recording class lectures.
